Improving travel along Turkeyfoot Road, between Dudley Road and Dixie Highway, is a priority for the Kentucky Transportation Cabinet. Currently, we are focused on designing solutions for this area that will improve traffic flow, reduce travel delays, and make travel in the area safer. As we continue to refine proposed improvement options, we invite your input. Please use the following form to share your thoughts about the proposed improvements. Thank you for taking the time to participate.

Please use the space below to share your thoughts regarding proposed improvements. Primary improvement areas include:

- Dudley Road/Turkeyfoot Road intersection (including bike/pedestrian improvements)
- I-275 Interchange (traditional interchange or Diverging Diamond Interchange)
- New intersection to connect Thomas More Parkway and Town Center Boulevard
- North Turkeyfoot Road (between I-275 and Dixie Highway)
